

Dear Sir or Madame,

I have been recently informed that there is a possibility that the KLOVE radio station that my family and I listen to could be forced off the air. I wanted to let you know that KLOVE is very important to my family in that it provides us with a family friendly positive alternative to other radio stations in my area. KLOVE keeps my family informed of the latest local and national news. KLOVE also informs my family of local events and happenings. If KLOVE were to be forced off the air the Phoenix metro area would lose a family friendly positive radio station that helps and teaches families to be better families. I know that my family is more informed and a stronger family because of KLOVE and if that is true for my family then I know it must be true for others. When I listen to KLOVE with my three children in the car I do not have to worry about some coarse comment going into my children's ears. Yes I could change the station but if KLOVE was not there would I change it to. KLOVE is a benefit for the Phoenix metro area and my family. Please keep great, family friendly radio stations like KLOVE on the air in Phoenix. Thank You!

Brandon Arneson
